

APPLICATION AND PROCEDURES FOR SITE PLAN REVIEW INC. VILLAGE OF BROOKVILLE

**18 Horse Hill Road
Brookville, NY 11545**

These procedures relate to Section 218-87 of Chapter 218, "Zoning" of the Code of the Incorporated Village of Brookville adopted by Local Law 5 of 2016 for purposes of establishing guidelines for site plan review and approval before the Planning Board for new land use, reuse, development, redevelopment and other construction activities.

PRE-SUBMISSION REQUIREMENTS:

The Applicant shall submit one (1) completed original Application (as set forth below) to the Building Department for review of compliance with the application requirements. After the submission is deemed complete by the Building Inspector, ten (10) additional application sets must be submitted to the Building Department and Applicant will be scheduled for a hearing before the Planning Board. Deliver all ten (10) sets of the application to the Village Hall.

All copies must be provided in collated form with all surveys, maps, drawings, plans, etc. folded and made part of each set. Each set shall be enclosed in a separate envelope suitable for mailing. **Partial or incomplete submissions will result in the rejection of the application.**

APPLICATION REQUIREMENTS:

The complete formal application for site plan review must be received at least 30 days prior to the Planning Board meeting at which the site plan is to be considered and, except as otherwise provided herein, and as noted above, shall include eleven (11) sets one (1) original and ten (10) copies) of each of the following items.

EACH COMPLETE SET MUST BE SUBMITTED IN ENVELOPES:

- Application form for site plan review, in form and substance satisfactory to the Building Department. The application form must be signed by the owner(s) of the premises or be accompanied by the written consent of the owner(s) of the premises.
- Disclosure affidavits must be signed by the owner(s) of the premises and representatives of the owner(s).
- Site survey, showing all existing structures, prepared, signed and sealed by a licensed land surveyor and dated within six (6) months from the date the application is filed with the Village.
- Site plan for the proposed land use, drawn at a scale of not less than one inch equals 20 feet, signed and sealed by a licensed architect or engineer, and which shall include the following information:
 - (i) A title block located in the lower right-hand corner of the site plan and shall include the name and address of the applicant and record owner of the property, the property's designation on the Nassau County Land and Tax Map and the title of

the project. If the applicant or property owner is a corporation, the name and address of the president and secretary shall be submitted with the application.

(ii) A date block of the site plan adjacent to the title block containing the date of preparation and dates of all revisions.

(iii) A key map showing the location of the property with reference to surrounding areas and existing street intersections within 1,000 feet of the boundaries of the subject premises.

(iv) A written and graphic scale, as well as a North arrow.

(v) Zoning district boundaries shall be shown on the site plan as they affect the parcel.

(vi) Topographical information.

(vii) Survey data showing boundaries of the property, required building and setback lines and lines of existing and proposed streets, lots, reservations, easements and areas dedicated to public use, including grants, restrictions and rights-of-way.

(viii) Reference to any existing covenants, restrictions, easements or exceptions that are in effect or are intended to cover all or any of the property. A copy of such covenant, restriction, easement or exception shall be submitted with the application. If there are no known covenants, deed restrictions, easements or exceptions affecting the site, a notation to the effect shall be indicated on the site plan map.

(ix) Location of existing structures on the site. The plan shall contain a notation indicating any structures that are to be removed.

(x) All distances, as measured along the right-of-way lines of existing streets abutting the property, to the nearest intersection with any other street.

(xi) Location plans and elevations of all proposed structures.

(xii) Location of all existing and proposed driveways, walkways and impervious surfaces located on the property.

(xiii) Location of all existing storm drainage structures, soil erosion and sediment control devices and utility facilities, including electric, water, telephone and cable television, which are located within the property lines.

(xiv) Existing and proposed contours according to United States Geodetic Survey Datum NAD88 at intervals not to exceed two feet. Existing contours are to be indicated by solid lines; proposed contours are to be indicated by dashed lines.
