GENERATOR REQUIRMENTS

1. Submit Generator permit applications with fee of \$575.00.
2. Tank permit application with fee of \$275.00 (Requires a Fire Marshal approval).
3. Gas-line permit application and fee of \$175.00.
4. Contractor insurance requirements are listed on the permit application.
5. Enclose “specs” on Generator installed.
6. Submit a recent survey with the location of the Generator (As best to scale).
7. The Generator and Tank installation must follow the **50ft set back from both the SIDES and REAR** of the property.
(Any encroachment to the setbacks will require the Zoning Board of Appeals).
8. Generator must be place on a concrete slab.
9. Please call for all inspections 2 days prior.
10. A Certificate of Occupancy will be required to close out the permit

Any further questions, please feel free to call the Building Department.
